

Inspirational talk by Three Cherries Director Richard Phillips

Year 11 were treated to a fascinating talk by Richard Phillips.

Richard is a director at Three Cherries, an IT and Telecoms company and one of Gordano's Business Partners. He is also an avid enthusiast on space travel and in particular the moon landings.

Richard spoke to Year 11 about his long ambition to meet the twelve men who have walked on the moon. While a hugely engaging story in its own right, it acted as a great inspiration to Year 11 in that you really can achieve anything if you put your mind to it and persevere — a message that resonates strongly at this critical moment in their lives.

Following on from the event, Richard said: "It was a great honour to be given the opportunity to tell my story to the Year 11 Students and my sincere hope is that many of the students will strive to make 'The Impossible Possible' just like the 12 men who walked upon the surface of The Moon".
